Hello friends! After graduating from FRA in 1983, I went into apartment management for about 12 years and lived in the Baton Rouge area. I met my husband and have since moved back to the area. I have a wonderful son, Aaron. Most of my time is dedicated to the Muscular Dystrophy Association since my son was diagnosed with Duchenne Muscular Dystrophy at the age of four. I also have a wonderful job at the Pointe Coupee Ag Center. I am the Nutrition Educator for the Parents Preparing for Success Program. Yes, I get to teach parenting skills. It is very rewarding to work with these young mothers. I usually get back as much as I put into it. As they say, your day is not wasted if you haven't learned something new. Have a great day!
