

Dual Enrollment Program

Student Eligibility Guidelines: 2016-2017

Southeastern Louisiana University, in partnership with local high schools, is pleased to offer qualified students an opportunity to enroll in college courses while still attending high school. All dual enrollment coursework and instruction occurs on the high school campus and is facilitated by certified high school teachers that are partnered with a Southeastern Louisiana University Instructor/Professor that serves as the instructor of record. Students will earn both high school and college credit for the courses in this program with final grades appearing on the permanent transcripts of both the high school and Southeastern Louisiana University. Dual Enrollment students are admitted to Southeastern as guest students and have access to Moodle, Gmail and the University Library (on-line). In order for students to enroll in Dual Enrollment courses, they must meet the eligibility requirements below and complete a Dual Enrollment application. **Please note that high school students can earn a maximum of 27 credits from Southeastern while participating in the Dual Enrollment Program.**

NOTE: It is incumbent upon all students and parents to determine the transferability of Dual Enrollment courses to other institutions. For in-state institutions, Southeastern courses can be cross-referenced using the [Statewide Articulation Matrix](#) to determine transferability. Out-of-state institutions should be consulted to determine transferability.

Criteria to Enroll in Southeastern Dual Enrollment Courses

ALL students must have the following minimum criteria:

- Students must be on track to complete the Core 4 curriculum with no developmental coursework required
- Be in the 10th, 11th or 12th grade
- Have an ACT or Pre-ACT composite ≥ 18 or ASPIRE composite ≥ 430

In addition to the minimum criteria above, students must also meet the following course-specific criteria in order to enroll in courses:

- Students with an **English** sub-score ≥ 18 (**ASPIRE ≥ 433**) may enroll in: English, French, History, Industrial Technology, Music, Psychology, Sociology, Spanish, Speech and TV production courses.
- Students with a **math** sub-score ≥ 19 (**ASPIRE ≥ 431**) may enroll in: Chemistry, French, History, Industrial Technology, Math, Psychology, Sociology, Spanish, speech and TV production courses.
- Students must have an **English** sub-score ≥ 18 **AND** **math** sub-score ≥ 19 in order to take Biology.

Tuition and Additional Costs

- There is no application fee for Southeastern's Dual Enrollment program
- Textbooks are supplied at no cost to the high schools for dual enrollment courses for which a rental textbook has been adopted. Damaged or non-returned books will be charged to the school at full retail price. The high school may elect to charge the student for the book as books are individually assigned.
- Many courses require the use of a 3rd-party computer program. Prices vary from \$20-\$35 dollars with this cost being the responsibility of the student or high school.
- All courses, whether taught as a single-semester or year-long course, will be charged tuition at a discounted rate of \$150 per 3-credit hours. **This discounted tuition is NOT refundable should a student withdraw from a course.**

Dr. Jeffrey Temple, Assistant Vice President for Academic Programs, dualenrollment@southeastern.edu, 985-549-5650

Please note that Southeastern's Dual Enrollment Program is offered on high school campuses. Southeastern does not offer any Dual Enrollment coursework on its Hammond campus, satellite facilities or via internet. Home-schooled students may contact a local high school to see if they can participate in their Dual Enrollment Program. They are also encouraged to participate in the [Southeastern Scholars program](#) if eligible.
