

### **Baton Rouge Community College New Roads Expands Local Offerings in Pointe Coupee Parish**

Baton Rouge Community College (BRCC) New Roads will expand its course offerings for the new academic school year. Starting in the Fall 2017 semester, the BRCC New Roads Site will offer Elementary Algebra (MATH 0099) and Foundations of English (ENGL 0091). These are introductory courses to prepare students for College Math and College English. Get a start on your college career, close to home!

BRCC New Roads will need local, qualified, adjunct faculty to instruct these courses. This is a great way to give back to your community, and help the next generation of Pointe Coupee residents. If you have an undergraduate degree in Math or English, you could be qualified as an adjunct faculty. Send a copy of your resume and transcript (unofficial or official) for a credential review to BRCC New Roads at [stanleya@mybrcc.edu](mailto:stanleya@mybrcc.edu).

### **Baton Rouge Community College New Roads Now Enrolling for Fall 2017**
